

## Product description

VitaDrive® F3 protects and stimulates the yeast during rehydration and increases yeast's fitness for fermentation. Permitted as processing aid according to current EU laws and regulations. Tested for purity and quality.

## Dosage

<p><i>Contents</i></p>	<p>Complex of essential nutrients from inactivated yeasts:</p> <p><b>Relative amino acid contents in VitaDrive® F3</b></p> <ul style="list-style-type: none"> <li>▪ Amino acids (A group - <i>absorbed by the yeast in preference</i>)</li> <li>▪ Minerals</li> <li>▪ Vitamins</li> </ul>
<p><i>Objective</i></p>	<ul style="list-style-type: none"> <li>▪ Support yeast metabolism and growth</li> <li>▪ Increase content of unsaturated fatty acids, vitamins, sterols and improve resistance to osmotic shock</li> <li>▪ Improve alcohol tolerance</li> <li>▪ Increase survival rate at the end of fermentation</li> <li>▪ Protect aroma and colour</li> <li>▪ Improve wine's organoleptic profile</li> <li>▪ Reduce SO<sub>2</sub> requirement</li> </ul>
<p><i>Other benefits</i></p>	<ul style="list-style-type: none"> <li>▪ Improved assimilation of nitrogen compounds</li> <li>▪ Prevention of the formation of undesirable components (H<sub>2</sub>S)</li> <li>▪ Adsorption of toxic compounds (bonding with short-chain fatty acids/pesticides/herbicides/ochratoxin A/heavy metals)</li> <li>▪ Reduction of bitterness in wine and improved mouthfeel</li> </ul>
<p><i>Tip</i></p>	<ul style="list-style-type: none"> <li>▪ Aid for restarting in the event of stuck fermentation</li> </ul>
<p><i>Recommended dosage</i></p>	<ul style="list-style-type: none"> <li>▪ 1 kg VitaDrive® F3 in the rehydration batch per 1 kg yeast</li> </ul>
<p><i>Use</i></p>	<ul style="list-style-type: none"> <li>▪ VitaDrive® F3 is dosed directly into the must and water mixture (37 - 42 °C), or at the latest after 10 minutes, and mixed in well</li> </ul>
<p><i>N.B.</i></p>	<ul style="list-style-type: none"> <li>▪ Depending on the nutritional situation of the juice, we recommend using yeast nutrients from the Vitamon® and VitaFerm® families.</li> </ul>

## Storage

Store in a dry place, away from light. Packs which have been opened should be immediately tightly sealed and used up as soon as possible.
